### Green Jobs Classification

Green jobs are either:

- Jobs in businesses that produce goods or provide services that benefit the environment or conserve natural resources.
- Jobs where workers' duties involve making their establishment's production processes more environmentally friendly or use fewer natural resources.

Green goods and services fall into one or more of the following groups:

- Energy from renewable sources
- Energy efficiency
- Pollution reduction and removal, greenhouse gas reduction, and recycling and reuse
- Natural resources conservation
- Environmental compliance, education and training, and public awareness
